

The Ballads

The West
Still place can find
When Winter
Come home

Marlboro Country, a lot of things—
the side of the road coming at you across
40 miles of open plain.

It's a working day that starts before the
sun, and stretches till it's too dark to see
the coming home with you're been away

at the special time at sundown when you
can almost hear the evening fall.

The top of my of spring, the smell of pine
trees, the feel of a nation sun overhead.

As a poet, a man can be at home with a
sundown, honest way of life.

This is the music that tells the story of
Marlboro Country.

We hope you enjoy it.
